You're now able to filter payslips by Branch, Department and Job Category when generating a payslip report.

Employee List -> Reports -> Payslip
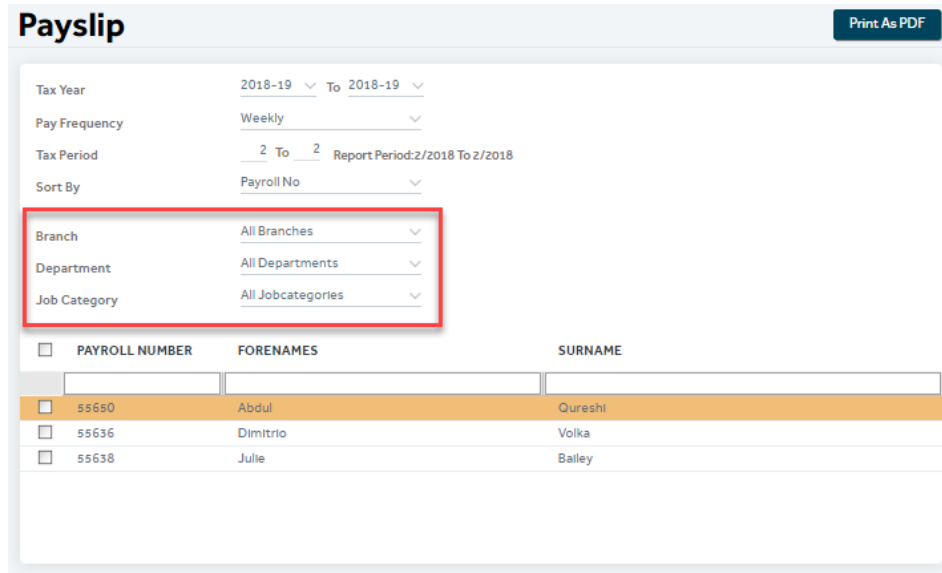

1.2   SIGNABLE INTEGRATION

Our integration with the Signable eSignature platform is now live! Our Signable API allows you to send contracts and other documents straight to your employees' inbox from your Primo Payroll software. The employee can then access the document from any device, electronically sign it and send it back to you in seconds. The eSignatures are 100% legally binding and secure, and you can save yourself some time and money on printing and postage costs too - bonus!

Click **here** to view the setup guide, or you can access it by clicking on the API 'plug' icon in the top right corner of your Primo Payroll account.
